Au nom de la Ville de Pointe Claire je souhaite bonne chance à tous les participants, officiels et entraîneurs des compétitions du Championnat Canadien inter-universitaire de Hockey qui auront lieu à l'Aréna de Pointe Claire du 15 mars au 18 mars 1979.

Nous sommes fiers et honorés que notre Ville ait été choisie comme site pour ces compétitions prestigieuses.

Bienvenue et bonne chance.

**DAVID W. BECK, b.a.
MAIRE DE POINTE CLAIRE**

Au nom de l'USIC, j'aimerais remercier le Directeur et le personnel du Département d'Education Physique et Athlétiques d'avoir relevé ce défi qui peut s'avérer très exigeant.

J'aimerais rappeler aux participants que même, bonne chance!

*Le Président,
Ed Zemrau
USIC*

On behalf of the City of Pointe Claire I wish all of the participants, officials and coaches the very best of luck in the Canadian Inter-University Hockey Championship games to be held in Pointe Claire from March 15th through the 18th.

We consider it an honor and a privilege to have been chosen as the site for this prestigious event and look forward to welcoming you all at the Arena.

Good luck and welcome.

**DAVID W. BECK, B.A.
MAYOR OF POINTE CLAIRE**

On behalf of the CIAU, I would like to express our sincere appreciation to the director and staff of Concordia University's department of Physical Education and Athletics for taking on what I know will be a very demanding responsibility.

To the athletes and coaches of the participating teams, I wish you every success.

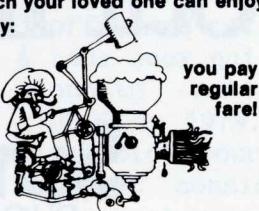

*Ed Zemrau
President CIAU*

MINISTER OF STATE
FITNESS AND AMATEUR SPORT

MINISTRE D'ÉTAT
SANTÉ ET SPORT AMATEUR

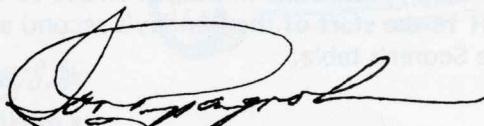

Competitive sport has long been a popular part of the lifestyle of Canadian universities, stimulating enthusiasm and maintaining that "old school" pride and spectator support for many years. Canadian universities are rapidly proving themselves to have the resources to produce many of our top amateur athletes in a wide variety of sports. Another tradition is definitely in the making.

The federal government, through its financial assistance to Canadian universities and national intercollegiate athletic programs, is pleased to be a part of this trend. Through our support of events such as the Canadian Interuniversity Athletic Union National Championships, we recognize the tremendous potential contribution that our universities can make to the development of our athletic talent.

As Minister of State, Fitness and Amateur Sport, I would like to extend my sincere best wishes to all those participating in the 1979 CIAU Hockey Championships. I would also like to gratefully acknowledge the CIAU for its continuing contributions to amateur sport in Canada.

Good luck to all of you.

Bonne chance à tous!

Iona Campagnolo

Le sport de compétition occupe une place prépondérante dans la vie universitaire au Canada. Il a contribué depuis des années à répandre l'enthousiasme et à créer une fierté bien légitime envers l'Alma Mater. On s'est aussi rendu compte que les universités canadiennes étaient en mesure de produire des athlètes amateurs de premier rang dans une grande variété de disciplines. Une autre grande tradition est en voie de se développer.

Le gouvernement fédéral, par l'entremise de son aide financière aux universités canadiennes et leurs programmes sportifs intercollégiaux, est heureux de pouvoir participer à ce développement. En venant en aide à des compétitions telles que les Championnats nationaux de l'Union sportive interuniversitaire canadienne, il reconnaît l'importante contribution que nos universités peuvent apporter au développement de nos talents sportifs.

En ma qualité de ministre d'État à la Santé et au Sport amateur, j'offre mes meilleurs voeux de succès à tous ceux qui participent aux Championnats nationaux de hockey de l'USIC de 1979. Je profite aussi de l'occasion pour rendre témoignage de l'apport considérable de l'USIC au sport amateur.

**ALL
COMBINATION
STAINLESS STEEL/
MOULDED
BLADES ARE
NOT CREATED
EQUAL.**

One is more equal to the demands of the serious hockey player than the others.

Perfecta. The all new Perfecta is a skate-blade unit that combines a blade support moulded of DuPont "Zytel", a super tough nylon, and a stainless steel blade.

"Zytel" is a thermoplastic believed to be the toughest, most durable engineering resin ever put on the market. It can absorb, without damage, the stresses caused by quick cooling. And its low temperature impact strength is higher than any other thermoplastic. This means that an ice-hard puck drilled at an ice cold blade support won't do any damage at all.

Moreover, the unique flat surface and "Solid-Thru" design of the Zytel support actually means greater puck control and faster blade reaction.

And what could be a better match up for the "Zytel" support than stainless steel blades? Stainless steel doesn't rust like carbon steel and it keeps its edge much better. Translated into playing terms this means sharper turns,

quicker stops and fewer trips to the skate sharpener. The exclusive Perfecta design also allows you to change the blade in a matter of minutes without changing the blade support. Of course the bottom line is lightweight. A Pro hockey player can actually notice a difference of as little as one ounce in his stick. Imagine how he'll feel when his size 11 Perfecta's weigh in at $\frac{3}{4}$ of a pound less than a typical metal tube blade unit. Even when compared with other combination blades, Perfecta rates as the lightweight champ.

Perfecta-
a combination
of the most
advanced design and
the best modern
materials. A fact that hasn't
gone unnoticed in the NHL
where Perfectas are winning
approval from an increasing
number of pros.

When you look at combination
blades, remember...No other make
equals Perfecta.

****COACH OF THE YEAR****

BILL MAHONEY

McMASTER UNIVERSITY

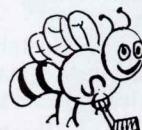

Bill Mahoney, voted 1979 "Coach of the Year" by his fellow University coaches, has enjoyed an illustrious hockey career as both a player and coach. Coach Mahoney played for the Peterborough Pete's Senior A's before joining the McMaster Marlins. In 1963 he captained the Marlins to a National Championship. Bill has been the head coach of McMaster for fourteen years, where he also teaches Kinesiology in the school's Department of Physical Education. Under Coach Mahoney's direction this season, the Marlins have put together a 19-2-0 record, including a playoff victory over the highly touted University of Toronto Blues. Bill is married and has two teenage children.

Every Community can have a Successful “Olympics” Program.

It's not whether you win or lose but playing the game that counts.

Which is why we, in co-operation with the Canadian Olympic Association sponsor the Royal Bank Junior Olympics Program.

It provides chances for Canada's youth to develop their athletic skills, achieve an understanding of the true Olympic spirit and most of all, to have fun.

All participants in approved Junior Olympics events receive official crests. Attractive 1st, 2nd and 3rd place ribbons are also awarded to the winners of the “finals” in each event organized for each age group and posters are available to publicize the events.

In addition, we have introduced the “See the Games” Contest, which is open to all Junior Olympics

participants. Four young people will win trips for two to the Pan-Am Games, four more to the Olympic Games and there are many other prizes to be won.

Why not organize a Junior Olympics event for youngsters in your community? Just contact your nearest Royal Bank branch for more information, or write to the Director of Programs, Canadian Olympic Association, 333 River Road, Ottawa, K1L 8B9.

This way we can all take part in the “Olympics”.

When you succeed...we succeed
